

HIGH QUALITY LABELS & THERMAL TRANSFER RIBBONS

Martek Industries, based in Cannock, Staffordshire specialise in supplying plain and printed labels into manufacturing, warehouse, logistic and retail industries.

Most labels are produced in-house for quick delivery and a wide range of thermal transfer ribbons are available from stock.

COMPREHENSIVE RANGE

Label materials – Semi-gloss paper, vellum paper, direct thermal paper, PE, PP, BS5609 compliant, clear materials, colour-washed...

Adhesives – Permanent, peelable, block-out, deep freezer, high-grip, ultra high-grip, wash-off, BS5609 compliant, tamper-evident...

Roll specifications – Inside or outside wound on 44.5mm or 76mm cores to suit all common label printers and automatic labelling systems. Any quantity per roll.

Thermal transfer ribbons – Wax, wax-rein, resin and specialist grades to suit all common label printers and thermal transfer coders. Inside or outside wound in a wide range of sizes. Wide range of colours.

Bureau label service – Quick turnaround for small volumes of printed labels or where variable information is required on each label, for example serial numbers or sequential barcodes.

Label printers – Martek distributes Valentin and Godex label printers with models to suit all applications and budgets from low-cost compact printers to heavy-duty industrial systems.

Coding & labelling systems – As well as label printers, Martek also supplies industrial inkjet, thermal transfer and laser coders for marking virtually any type of product. Our automatic labelling range includes label applicators, print-and-apply systems, inline labellers, pallet labellers and semi-automatic systems.

FAST DELIVERY – COMPETITIVE PRICE
